---

A reputable hospitality service establishment ensures the highest standards of comfort, food safety and hygiene for all its guests. Appearance of common houseflies are unwelcome pest that not only are an annoyance, they also spread potentially harmful diseases to humans.

FLY-OFF' Biodegradable Food Safe Fly Repellent is the right solution for any hospitality establishment to protect their guests and reputation against perseverance of houseflies. Made to be truly safe to use and non-toxic, 'FLY-OFF' provides a "fly-free" environment for extended period of time on surface areas where it is applied.

### **PROTECTING YOUR REPUTATION WITH EASE:**

- Easy mist spray-on application on any surface and even on plants.
- Provides a non-toxic "fly-free" environment for extended period of time.
- Safe to use in vicinity of food, humans, animals and plants.
- Provides a soothing pleasant scent that enhances dining experience.
- Say goodbye to swarms of houseflies and unsightly dead houseflies in fly traps.
